

Transient Jailed After Forest Set Afire Near Here

Second Similar Fire Near
Truckee Brings Out
Department

The smoldering embers of the fire on the hill across from the McIver home, were fanned into flame Wednesday evening and the combined efforts of the fire department and forest service crews were required to again bring it under control.

For the second time within the past six weeks, a forest fire near Truckee has been started by what officers described as a careless drunk.

At 1 a.m. Tuesday while patrolling his beat, Deputy Sheriff Roy Waters discovered an incipient fire on the hillside across Highway 40 from the James McIver home. He immediately summoned Fire Chief N. F. Dolley and the latter gathered assistance and took the fire equipment to the scene. The fire trucks were unable to negotiate the terrain and the U. S. Forest Service equipment was called.

By that time, the fire had gained considerable headway and a major conflagration was threatened. The volunteers aided by the forest service crews soon had it controlled.

Near the scene was found Roby Carlos Burnette, 54, of Pendleton, Oregon, who was taken into custody and charged by Ranger Edward Grant with starting a fire by tossing away a burning cigarette.

Later Burnette was taken before Judge F. W. Wilson and sentenced to serve six months in the county jail.

In a previous fire this summer across the highway from where the one Tuesday was started, a small area of brush and trees was burned over late in the morning hours. A partly filled wine bottle, a blanket roll and other evidence pointed to the fact that a "wino" was responsible. No arrests were made at that time, but officers were alerted to prevent any further such fires.

**S. P. PAYROLL STILL
ONE OF LARGEST**

E. K. Stice, Truckee agent for the Southern Pacific Company, said today that the company's payroll checks delivered to employees here during June totaled \$28,933.48.

The agent said the July payroll should be considerably higher, due to the extra railroad employees and gangs working here during the summer months.

Although there has been a considerable reduction in men employed by the company in Truckee, Stice pointed out, the S. P. is still maintaining one of the largest payrolls in the region.

**Girl Scouts Receive
Awards At Meeting**

Badges, denoting second class rank, were presented last week to four girls of Donner Troop No. 3 Girl Scouts including Ruth Parkhurst, Elethia Marquis, Judy and Linda Giovannoni. The first three with Donna McReynolds and Dorsette Rose left July 19 to attend Camp Washoe being held at Meeks Bay.

Funds for the trip were realized by a campership given by the Truckee Rotary Club and from the sale by troop members of salted nuts, earlier in the season.

**Thieves Frightened In
Robbery At School**

Thieves sometime Monday night broke into the high school west of here but were apparently frightened off and left their loot, a radio on the steps. Nothing else in the building was found to have been molested.

Constable N. F. Dolley who was called to the school by the custodian, J. F. Stuart, said the thieves broke the glass from the southeast door to gain entrance to the building.

**Slayer Expected To Be
Returned To Hospital**

William Carver, attorney for Willy Wheat, 61, Berkeley, accused of the slaying of Lee-Madsen of Reno near the state line several weeks ago, said a sanity hearing will be held at Downville on July 28. Carver said it has been indicated that the hitchhiker, who was apprehended near here following the shooting of the Reno man, will be returned to a state mental hospital following the hearing.

OFFICE ROBBED
A United States Post Office inspector was called to Carnelian Bay on Wednesday following a report that the post office there had been burglarized on Tuesday night.

Bert Capps Ready To Try Swimming Length Of Tahoe

Bert Capps, 225-pound all-around San Francisco athlete, who last year set a record in swimming across Lake Tahoe, is today going to attempt what no other swimmer has been able to accomplish—swim the length of the lake.

The 39-year-old Capps proposes to enter the water at Kings Beach tonight at 10 o'clock and hopes to land at Stateline, Nevada on the south end by 2 p.m. Friday.

A number of swimmers have managed to swim across the lake, none in the time made by Capps who traversed the distance from Meeks Bay to Cave Rock in seven hours, 10 minutes and 14 seconds.

Fred Main, commander of the Tahoe City Coast Guard auxiliary, believes no man will ever successfully swim the length of the lake, basing his judgment on the condition of those who have been taken from the water after their futile attempts.

LAST RITES HELD IN BAKERSFIELD FOR LOUIS CABONA

Funeral services were held at Bakersfield on Wednesday for Louis Cabona, 65, who died in that city last Saturday. Cabona a native of San Francisco came here with his parents, brothers and sisters when he was an infant and made his home in this vicinity most of his life. Following the death of his wife four years ago, the deceased left for the south.

He is survived by his sisters Lily Pasquini, Stella Brady and Margaret App, all living at Bakersfield.

Cabona, a veteran of World War I, was severely injured during the conflict, listed as missing in action and was returned to his family only after having been cared for by a German family for some time. Since then his health was not robust although pneumonia was reported to be the immediate cause of death.

CUBS LOOK TOWARD OUTING AUGUST 6TH

Members of three dens of Cub Scouts are looking forward to August 6 and 7 when they will go on an overnight trip to Independence Creek, about a 20-minute drive from Truckee.

Darol McGilhon, Joe Straub, Wilber Glenn, Robert Leamon, Alex Ayala, Daven Morey, Lyle Engles and as many other men who are able to do so, will accompany the boys. McGilhon said that any Cub Scout who does not have a sponsor may contact him as it is planned to have one father present on the trip for every three boys.

The prospective travelers may contact their den mothers if they wish to be a part of the group.

Salvation Army Drive Gets Started In Area

J. D. Herbert, area representative for the Salvation Army arrived here today to assist the local committee, headed by N. F. Dolley in conducting the annual fund raising campaign in the Truckee and Lake Tahoe district. Letters are being mailed out and Herbert will call on various business people. Much of the money raised remains in the community for local needs and is administered by the local committee.

Importance Of Blood Bank Explained Here

At a joint meeting of the Truckee Lions Club, the Rotary Club of Truckee, the Lake Tahoe Lions and Reno Arch Lions at Donner Lake Lodge last night, Val Dage of the Washoe Center explained the importance of a whole blood bank. He urged his listeners to register for the next blood drive to be held at the Tahoe Forest Hospital in August.

Whole blood has saved many lives in this vicinity, the speaker pointed out and stressed that all types of blood at all times are needed here.

Request Denied For Additional Truckee Deputy

Supervisors Approve Radio
Setup As Budget Is
Under Study

A request for an additional sheriff's deputy to serve this fast growing community was denied at the meeting of the board of supervisors this week. The board is meeting to study the tentative annual budget.

The request for an additional Truckee deputy was made by Sheriff Wayne Brown, whose petition for an increase of \$1000 a year in his salary was also turned down.

At the present time, only one deputy serves the entire eastern portion of Nevada County, a territory extending from the Nevada state line to several miles west of Donner Summit. The local deputy, Roy Waters, under a county ordinance, is employed only at night.

At a recent meeting of the board of directors of the Truckee Chamber of Commerce that group went on record as favoring the additional officer, pointing out that currently only Constable N. F. Dolley gives the area day-time police protection.

The board of supervisors did approve approximately \$5400 capital outlay for the installation of a county radio system for law enforcement purposes.

A record road department budget of \$518,000, of which \$510,000 will be received from state and special funds and \$8000 from the general fund, was being studied by the board.

NEW LUMBER YARD AT TAHOE OPENED

TAHOE CITY—The Tahoe City Lumber Company, the newest enterprise in this region, opened its doors last Thursday under the ownership and management of Mr. and Mrs. Martin Spitzner, widely known Tahoe City residents.

The new yard is located on a 250x250 foot area between the highway just west of Tahoe City and the Truckee River.

The concern is featuring building materials and hardware of all kinds, with expert advice provided by Spitzner who for many years was in the building contracting business at Tahoe. Free delivery is only one of the services offered. Assisting the owners in the management of the yard is Lester Spitzner, brother of the owner. The management will operate the yard the year around.

Post Office Job At Lake Will Be Decided Aug. 2

Examinations for the job of postmaster at Glenbrook, which pays \$3056 per year, will be held soon and applications will be received by the Civil Service Commission until August 2.

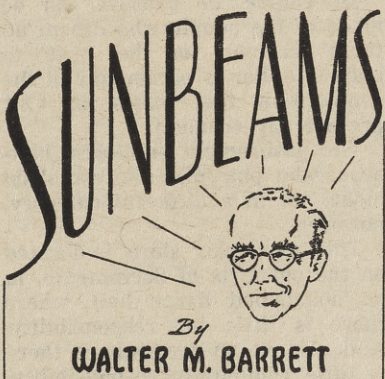

Competitors for the post must show that they can deal with the public agreeably and effectively and that they are reliable citizens who would command the respect and confidence of patrons of the postoffice. They must also show that their background will enable them to maintain simple records of accounts or that it has given them a knowledge of postal procedures.

Applicants must take a written test. Those who pass will be assigned final ratings on the basis of this test and on their experience, ability, and character. There is a one-year residence requirement and applicants must be at least 21 years of age and must not have passed their sixth-third birthday.

MOTORISTS ARE URGED TO HEED NEW CROSSING LIGHT

Despite the installation of new warning lights and bells at the Bridge Street crossing over the Southern Pacific tracks, there are still those who are taking unnecessary chances, E. K. Stice, Truckee S. P. agent, said.

Stice warned that a lighted sign indicates when more than one train is approaching the crossing and asked motorists to watch for the illuminated sign which reads: "2 TRAINS."

WALTER M. BARRETT

The chamber of commerce, in recommending to the county board of supervisors that a second full-time deputy sheriff be appointed for the eastern end of Nevada County, touched on an important subject and it is unfortunate that the board has seen fit to strike an appropriation for this job from the budget. This end of the county has grown considerably during the past few years and indications are that this growth will continue at an increased rate, what with the prospects for the 1960 Olympics and a general upturn in other activities.

The fact that we need additional police protection in the region is no reflection on the ability of our present officers. They are doing a splendid job, but with an area extending from the Nevada state line to far west of Donner Summit, a distance of some 40 miles, much of which is largely populated and all on a main transcontinental highway and railroad and right at the most important gateway into Northern California, it seems obvious that more civil police protection is needed. At present we have aside from the officers of the California Highway Patrol, whose duties are well defined, one deputy sheriff and a constable. The former, under county ordinance is required to work nights and it is virtually impossible for one man to cover the territory thoroughly, or as it should be, even though he worked 24 hours every day. Duties of the constable, too, are outlined by law and they do not include patrolling streets and byways. We are fortunate in having a constable who is able and willing to assist to a great extent in law enforcement activities and we are equally fortunate in having a willing and able deputy, but there are few spots in California, and probably none as vulnerable as this region, which is policed so lightly.

**Austrian League Hits
At Squaw Valley Bid
For 1960 Olympics**

The Associated Press reported from Vienna this week that the parliamentary deputies on the Rightist Austrian League of Independence are claiming that Squaw Valley was ineligible under International Olympic Committee regulations to be the site for the 1960 Winter Olympics. This complaint was not unexpected as Alexander Cushing, manager of Squaw Valley and one of the ardent promoters of the local area for the games, had warned that Austria's attitude was anything but friendly and that the press there was bitter after the announcements.

The deputies charged that Squaw Valley was "only a village without even a postoffice and that the IOC statutes stipulate the site must be a town like Innsbruck, the Austrian contender.

Tahoe City has indicated it will assume the sponsorship of the games if that becomes necessary.

S. P. PREXY HERE

D. J. Russell, president of the Southern Pacific Company, spent a few days here last week visiting with local railroad officials. He indicated he would return for a vacation later in the year.

At Lake Home—
Mr. and Mrs. W. W. Woolridge of Woodland, Mr. and Mrs. Morgan Lawson of Roseville, Mr. and Mrs. William Russell of Stockton and Carolyn Norsworthy of Oakland were visitors at the Donner Lake home of Mr. and Mrs. William Storkman.

Visits Daughter—
Mrs. Myrtle Buroker of Waitsburg, Wash., is visiting with her daughter, Mrs. Donna Songer, who returned home last weekend from a hospital.

Visits Father—
Harold McDaniel, Jr., of Redding has been spending some time here with his father, manager of the Ransome Company.

Grass Valleyan Killed As Pickup Runs Into Truck

Other Mishaps Reported In
Area During Week
By Patrol

Harry Clifton Cleveland, 53, well known Grass Valley resident, was killed instantly Saturday morning at 9 o'clock when the light pickup truck he was driving west crashed headon into a loaded tank truck and trailer driven by Kenneth Paul Cation, 48, of Bakersfield. The mishap occurred just east of the intersection of Church Street and Highway 40 in East Truckee.

Cleveland was returning to his home after a surveying job near Winnemucca, Nevada, and apparently dozed at the wheel of his vehicle.

Witnesses told State Patrolman William Gautsche that the pickup gradually swerved across the center line of the highway and that despite the fact the truck driver cut his load sharply to the right, the crash could not be avoided.

The front of the truck was badly wrecked, but the driver escaped serious injury. The pickup was demolished and caught fire. By the time the Truckee fire equipment arrived on the scene, however, the blaze was extinguished.

The body of the victim was taken to the Truckee Colonial Mortuary and later sent to Grass Valley where funeral services were held this week.

Cleveland was a native of Nebraska, but had resided at Grass Valley since 1934. He leaves his wife, a daughter, one brother and one sister.

Car Hits Truck

No one was seriously injured last Wednesday when a car driven by Blanche Duvivier, Winnemucca, Nevada, crashed into the rear of a dump truck parked along Highway 89, five miles north of Truckee. The driver of the truck is James A. Broyles of Colfax. Mrs. Duvivier was cited by State Patrolman Martin Sturcke for speeding and not having her vehicle under control.

Homewood Accident

Three cars were involved in a collision one mile north of Homewood at Lake Tahoe Monday at 3 p. m. Patsy Clare Dailey, 16, of Lafayette, was cited by Patrolman T. F. Sheehan for being on the wrong side of the highway.

The second car was driven by Duane L. Pomin, 16, of Tahoe City who was cited for not having an operator's license in his possession. The third car, belonging to the Pacific Murphy Corp. of Emeryville, had been parked along the highway. Patrolman Sheehan said Miss Dailey was apparently not watching the road and drove over the center line striking the Pomin car which hit the parked vehicle.

Tougher Policy Slated On Road Construction

SACRAMENTO (CNS)—George T. McCoy, state highway engineer, announced the state has adopted a stricter policy of charging contractors for exceeding contract time on road construction projects.

McCoy said costs to the public in traffic delays and congestion will be considered in determining assessments against contractors for overruns of time.

Penalties will no longer be determined on a formula basis, but will be calculated by individual project, McCoy said. In the past the division of highways has charged tardy contractors only for extra engineering costs.

Levels at Webber—

Mr. and Mrs. Tom Level and family of Lincoln are living at Webber Lake during the summer months.

Gateway Guests—
Mrs. Tom Borneman and sons of Stockton visited with Mrs. Cecil Clepper during the weekend.

In Hospital—

Mrs. Hal Welch entered the Tahoe Forest Hospital for treatment on Tuesday.

Baseball School—
Frank Giovannoni is attending the Sacramento Bee KFBK baseball school at Edmonds Field in Sacramento.

Go South—
Mr. and Mrs. Chase Harper have returned to Pomona for a brief visit.

Chamber To Aid In Plan For Local Zone Ordinance

A number of local issues, including the sponsoring of a plan to have some sort of a zoning ordinance passed in this area, expected to be emphasized by the forthcoming Winter Olympics, featured the meeting of the Truckee Chamber of Commerce last Thursday at Hotel Truckee.

Harold Welch, chamber president, plans to attend a planning commission meeting in Nevada City next Tuesday at which time the suggested ordinance will be discussed pro and con. Welch has been authorized to propose personnel for the committee which will serve as an advisory group in designating types of structures, sanitary measures and other details in the event the ordinance is passed.

The chamber also went on record as being opposed to a proposed subdivision being started at the old Truckee Resort where the cabins and a lot are being offered to buyers by the owner, I. O. Gifford.

Speed regulations and posting of speed signs in the residential area were discussed by the chamber but no recommendation made pending further study of the idea.

Mrs. Eve Hallett tendered her resignation as secretary of the chamber and Mrs. Kenneth Hedlund was named to the position.

A report on the speed boat races ten days ago showed a profit of \$59.

The chamber went on record as favoring a second deputy sheriff for this end of the county.

Placer County Gets Second Extension In Discussion On Taxes

AUBURN—The State Board of Equalization has given Placer County its second extension of time to dispose of county board of equalization matters. Under the new program, District Attorney Al B. Broyer stated, findings of applications for reductions in assessments will be received through July 29th at 5 p. m. and hearing will be continued through August 4th.

Fuller Company Names Local Store In Award

SACRAMENTO—A Truckee firm, the Truckee Mercantile Company, was today singled out for special commendation by the board of directors of one of the west's oldest major industrial organizations.

Meeting here for the first time since the business was founded in Sacramento in 1849, the directors of W. P. Fuller & Company took formal cognizance of the more than 25 years Fuller enterprises have been associated with the Truckee firm.

A. H. Brawner, president of the company, announced the board at its commemorative meeting directed that a testimonial scroll be prepared and presented to the Truckee firm in recognition of "more than a quarter century of outstanding service to industry and community."

Visitors Feature Meet Of Local Rebekah Lodge

Rebekah Lodge No. 2 met on July 13 with Noble Grand Leonora Vind presiding, Pearl Heller, the deputy district president, made her first official visit at the time.

Five members from Queen Esther Lodge at Sparks, Nevada, Mr. and Mrs. William Carver, Mrs. Thelma Norris of Rising Star Lodge at Sacramento, Mrs. Amanda Phillip, past noble grand of Laurel Wood Lodge at Portland, Oregon, were among the visitors. Mrs. Ben King played violin solos accompanied by Mrs. George Kamp and Mrs. Eugene Welch was heard in vocal selections during the program.

The local organization will hold its next session on July 27.

Salary Boost—
Constables and their deputies recently received a \$300 a month raise from the Placer County supervisors and their new salary will be \$3000 rather than \$2700 as first reported. They formerly received \$2700.

Board Rescinds Action To Raise Local School Tax

Will Set Up Building Fund
From Surplus As
Assessment Up

The governing board of the Tahoe-Truckee Unified School District in regular meeting on July 12, decided to rescind their action at the June regular meeting, and leave the tax rate at \$1.55 per \$100 assessed valuation.

This decision was made due to the fact the district has received more money on delinquent tax payments during the 1954-55 year than was anticipated, and also due to the fact the new assessment for the district is \$18,977,040 instead of \$18,231,495, Superintendent E. V. O'Rourke explained.

At the June meeting it was agreed to increase the tax rate 10 cents per \$100 to secure a special building fund to avoid future possibility of a bond issue.

The board decided to place \$40,000 in a special accumulative building fund for the 1955-56 year and the five next consecutive years. The special accumulative building fund was set up to have money on hand for necessary building in case of excessive increased enrollment of the preparation for the 1960 Winter Olympics.

Another item of business decided by the board was the distribution of fuel oil bids for the 1955-1956 school year. C. W. Kydd of the Texas Company and R. R. Frank of the Tidewater Associated Oil Company were the lowest bidders, and the furnishing of oil will be divided between these two companies.

The regular August meeting of the governing board of the district will be held on August 2, at 8:30 p. m., the same date and hour as the budget hearing. This meeting provides an opportunity to explain the budget and to answer any questions concerning the budget.

VALUE OF NEVADA COUNTY PROPERTY SHOWS BIG GAIN

The total assessed valuation of all secured and unsecured property in Nevada County for 1955 totals \$22,537,950, exclusive of public utilities, which are assessed by the state board of equalization.

William Tamblin, Nevada County assessor, points out that the current year's assessment is \$686,920 above the figure for 1954 when the valuation was set at \$21,851,030.

The net assessed valuation of Nevada City was \$2,379,000, while at Grass Valley, the only other incorporated city in the county, the valuation was placed at \$4,800,830.

The bulk of the value, Tamblin's report shows, is outside municipalities where the net assessment in the county is \$15,358,120, or more than twice that of the incorporated cities.

Truckee Teacher Weds At Reno Rites July 5

Miss Leona Patricia Meddaugh and Frank Burdick, Jr., were married at Reno on July 5th. Both are residents of Millbrae.

Mrs. Burdick has been a teacher in the Truckee elementary school for several years and it is expected she will return to that position at the beginning of the next semester.

Committees Named At Meet Of Rotary Club

Rex Thomas, newly elected president of the Truckee Rotary Club, presided at his first meeting Monday night and appointed various committee chairmen for the year. They included William Carver, fellowship; Charles Osburn, attendance; John Ciardella, membership; James Sherritt, programs; John Ciardella, international service; Ed Grant, club service and Ralph Franks, vocational service. Secretary Ed Grant discussed some of the items needed by the club to carry on its work.

Local People Return As Convention Is Ended

Mrs. Charles Heller, deputy state organizer of the Pythian Sunshine Girls of California returned from Pomona where she officiated at a convention last Friday through Sunday.

Miss Janice Gray, representative of Donner Council No. 13 accompanied Mrs. Heller and had the pleasure of serving on committees during the sessions.

FALLS FROM HORSE

Ireda Harris is carrying her right arm in a cast as the result of a fall from a horse last week in which she sustained a fracture. She is the daughter of Mr. and Mrs. J. E. Harris of Truckee.

AFFAIRS OF STATE

by Henry C. MacArthur

SACRAMENTO (CNS)—It is small wonder that merchants view with a great deal of consternation the development of a threat to the economy of the state, which is contained in the so-called "discount houses" which are cropping up here and there, to sell at little profit to special groups of people. Probably the most flagrant of these establishments is the outfit that caters to "Government Employees Exclusively," which has set

up in Sacramento to sell goods normally sold by department stores to city, county, state and federal employees, and the military, at prices cheaper than they can buy the same goods in regular stores of the community. In a letter to these government employees, this store says: "Our general membership has soared so rapidly since opening our new gigantic department store for government employees only that the clerical staff has not been able to keep up with this tremendous growth. "You and your family are welcome to visit our block long complete department store. Come join the thousands of fellow government people who already enjoy the great savings provided for our

membership—exclusively—through the tremendous buying power your support makes possible. "Remember ONLY YOU, can enter past the closed door of G.E.E. The general public, corporation employees, or other alleged special groups are not admitted. G.E.E. is exactly what the name implies... for Government Employees Exclusively. "Mail your present card in today and receive your G.E.E. card in return. It is your pass to an improved standard of living that is just like a raise in pay. Or better yet, come in and visit the department store for you and your family only—and get your new card in person." Of course, no censure can be made of the people who dream up these schemes, for the urge to make a dollar is paramount in the competition that exists in the present day economy. The government employees, however, who patronize the establishment, are in a different category, however. This particular store is located on the outskirts of Sacramento, in an abandoned dance hall, where there is little tax responsibility. And also in an area where there is little community responsibility. The regularly constituted department store, no matter where it is located, is part of the community. Those that are located in the downtown areas of the community pay reasonably high taxes, contribute to the community charities, and generally support the government of the city, the county, the state and the nation. Yet instead of supporting the department store, the government

Fish and Game Tells Of Planting Activity
The California Department of Fish and Game this week announced that the following waters were scheduled for planting of fish during the period June 27 through July 17. It was pointed out that some waters listed occasionally may not be planted due to adverse planting conditions or operational failures of equipment. In general, however, waters listed will have been planted as indicated. The waters listed included: Nevada County: Donner Lake, Donner Creek, Fuller Lake, Rucker Lake, Prosser Creek, Upper Scotts Flat reservoir, South Fork Yuba River, Little Truckee River, Bear River, Deer Creek, Scotts Flat Reservoir, Prosser Creek,

Truckee River. Placer County: Lower Blackwood Creek, Lower Ward Creek, north fork of the middle fork of the American River, Halsey Forebay, South Fork Yuba River. Sierra County: Gold Lake, Salmon Lake, Cold Stream Creek, Smithneck Creek, Fiddle Creek, Goodyear Creek, Haypress Creek, Salmon Creek, North Yuba River. El Dorado County: Taylors Creek, Wrights Lake, Silver Creek, Meeks Creek, Fallen Leaf Lake, lower Echo Lake, Dark Lake, Pyramid Creek, Silver Fork of the American River and south fork of the American, south fork of the north fork of the Consumnes River,

returned from the hospital and find my wife, Elsie, in real good spirits. You should see the beautiful flowers and letters and cards that keep pouring in to her, besides the visitors that have been in to cheer the cute little soul up, and is she ever thankful for all of these things. I know she is getting better, as she told me tonight to get busy and vacuum the carpet and cut the lawn, and to say hello to everyone of her friends and a great big thank you all.

Congrats

Yes Joelyn Ashton says it can now be told that she successfully passed the exam at Utah, and had been accepted to attend the College of Nursing in Salt Lake City. She spent a couple of days there and thinks it is so beautiful. Her dad and Marguerite made the trip with her, and were also very much impressed. Jo will leave in September, and she says she can hardly wait. And what a nurse she will make too. Congratulations Jo.

Beauty Spot

As I drove back and forth to Tahoe City every day, I get a good look at the new "Highlands" subdivision just west of Dollar Hill. Those that don't get down that way very often, should take a drive down and just look it over. It is going to be a beautiful spot for a home. Not only that, I can foresee the building of homes clear on down to Tahoe City.

Visitors

Dee Siple of the Pine Cove cottages, Tahoe Vista, tells me she had some cousins staying with them from Wilmington. They are Dr.

and Mrs. Forde Kesling. They only had a week here, and wished it could have been a month, but they had to get back as the Doc didn't want to try the patience of his patients.

"Wee Kirk"

Rev. A. B. Covher, minister of the "Wee Kirk O' The Pines," Methodist Community Church, says that there is still room for a few more members in the choir. They practice each Friday night at 8 p.m. at the church. Next Sunday is the beginning of the capital funds campaign \$36,000 expansion program, for further information on the vital subject phone the minister at Liberty 6-3890.

September

Oh, for Lake Tahoe in September. So says Superior Judge William E. Fox of Los Angeles, a friend of ours for the past 27 years. I campaigned for him in '28 when he ran for justice of peace for Pasadena Township. He has really gone places since that time. He's a great guy. Yes he says we shall make it this year, so reserve a lovely place for Mrs. Fox and myself after the 16th of September. Oh, dear, says my wife, I guess I still shall be on my back then, too bad, poor kid.

The Law

I have often heard it said, what do the law enforcement officers do for us up here? Well, if you could have attended a court scene last week you would have got an answer, for three boys who had taken a Cadillac car and driven it to three other states and back and then handed it over to the high-

way patrol—all juveniles. The session was attended by Sheriff William A. Scott of Placer County, Probation Officer James Nelson of Auburn, the mothers of two, the father of one, other interested relatives, Roy J. Stallard of the highway patrol and Harry Johanson, deputy of Tahoe City. What I wish to point out is it was not necessary for all of these to be there, but they were there in the interest of helping to solve a part at least of the terrific problem of our young citizens, and they did a swell job. I was rightly proud of those people, each one giving their heartiest cooperation with the other. We all felt these boys benefited greatly and it is hoped they will be fine citizens through their years to come.

More Bones

Had not seen Bartow Barnett for quite some time, sure was surprised that he was still on crutches. They must have been pretty bad breaks. It is just one of those long grinds, but he's coming along now so that's what counts.

Protests

Well, we of the North side of Tahoe are hoping that we shall still be in business by next year, but the evidence of some couple of hundred protests against the abnormal assessments being made on some of the property, there is some doubt as to the possibility. The property owners especially on the highway and lake front just can't understand why this particular area is singled out to be the goat of the whole county. The funny thing about the whole thing is that nobody, even the assessor himself, or any of the board can answer the sixty-four dollar question. But I feel that the tremendous pressure of the great number of taxpayers with their tempers at boiling point is definitely going to have some effect, or we shall have to leave this particular area to the birds and mountain lions. Anyway we're hoping.

Danger

Meredith Siple was telling me of a near drowning out on the lake from Tahoe Vista. According to Meredith, two young men were in a boat and one was on a water ski. Suddenly the one on the ski fell and went under coming up crying for help. Second one went to his rescue and before reaching the man he sank and came up yelling for help. Finally the third dived in with life preservers throwing one to each, and then got the boat to the men and pulled them in to Howards Pier. A visiting doctor at Siples, worked on the men who were finally able to navigate and went on their way to Moffett Field. It is too bad that people don't realize the dangers on the lake if they are not familiar with it. The lake at the time was pretty choppy and dangerous.

Beauty

Beautiful this Monday morning and delightfully warm, with a very nice breeze blowing. The golf course is doing a big business, the lake is as smooth as can be and also a beautiful blue, as one looks at it we might say to ourselves or to others "All This and Heaven Too."

Doggerall

Mrs. O'Connor just brought over a cute white dog, with an eternal wink in both eyes, it never stops winking. Ruby says it will keep winking for two years. No batteries and no wonderupper, cutest thing I ever saw.

Proud Cop

Have you caught sight of our popular Highway Patrolman Tom Sheehan? He is now driving a swell new Buick and he fits it so snugly too. Both are a credit to the state.

Mrs. William Reinhardt is now at her Brockway home, arriving this week from San Marino.

CLINTON and ALMA BRINES

PASTOR SPEAKS AT MEETING OF TAHOE CITY ROTARY CLUB

TAHOE CITY—The Rev. Gordon C. Ashbee of St. Luke's Church at Auburn, was guest speaker at the July 12 luncheon-meeting of the Tahoe City Rotary Club last Tuesday. His subject was "Youth of

the World Over," and he talked concerning the youth camp conducted annually at the Tahoe Chapel. There are now 150 boys and girls enrolled at this camp. During his short talk Rev. Ashbee advocated more teaching of the Bible in the home.

Other honored guests at the luncheon, held at Tahoe Inn, included the Rev. Tom Turnbull of Redding, and Rev. Thomas Ward

of Fallon, Nev. All these church leaders are Rotarians, doing their part at the youth camp here. Also present was another Rotarian, the Rev. Noel Porter, pastor of the Tahoe Episcopal Church.

Another prominent guest at the meeting was Andrew S. Rogowski of Kenya, British East Africa. Rogowski, of Polish descent, is a Rotary exchange student who, after completing a one-year course at the University of Georgia, came to California looking for employment that he might continue his studies in America. He is now staying at the International House which is still in the process of construction near Tahoe City. Rogowski, with other international students of Berkeley, is helping to

complete the student vacation building. There were 26 visiting Rotarians at this meeting, besides the clergy and six other guests of Rotarians. President Vern Bartell presided, and Basil Kehoe was program chairman.

LAKE LEVEL

TAHOE CITY—As a result of a thunder storm last Friday .02 of an inch of precipitation was recorded at Lake Tahoe. Otherwise the weather has been ideal, with a high of 79 Friday and a low of 41 degrees Monday morning. With six gates open the lake level Monday stood at 6226.68 feet.

OLYMPIC DISCUSSION FEATURES MEETING OF LAKE TAHOE CLUB

TAHOE CITY—More than 100 local business people attended the reception for Alexander Cushing, manager of Squaw Valley, given by the Lake Tahoe-Squaw Valley Ski Club Sunday at Carl Bechdolt's Tahoe City Golf Clubhouse.

The general discussion centered around the forthcoming 1960 Olympic Winter games which are to be held at Squaw Valley. It was explained that Gov. Goodwin J. Knight will in a few weeks appoint a commission of five members which will have complete authority in the administration of the \$1,000,000 in state funds set up for financing the preparations for the games. A separate corporation, it was pointed out, may be formed to handle details.

Final authority over the games rests with the United States Olympic Committee and liaison agreements of authority over the plans and funds must be worked out. The first year, it was agreed, will probably be devoted to making plans and surveys only.

In the meantime, preparations will have to be made for the U. S. National downhill and slalom races scheduled for April 4, 5 and 6 and hosted by the local ski club. The downhill for the nationals will be prepared on the same course expected to be used for the 1960 Olympics.

It was clarified at the meeting that Squaw Valley is part of Tahoe City and that Tahoe City will host the Olympics as the Olympic rules designated that the sports must be sponsored by a city.

TIMBER WORKERS TO HOLD ANNUAL MEET

QUINCY—Timber worker from throughout Truckee's logging areas were among western lumberjacks invited, this week, to participate in the 10th annual Pacific Coast Loggers' Championships, here, August 13.

Announcement of more than \$3000 cash prizes, titles and trophies was made by governing officials. Defending all-around champion is three-time winner Mike Luzzi, Scotia, Calif., logger.

Tug o' war, hand chopping, Paul Bunyan ax throw, hand bucking, skid road walk and power saw contesting are among multiple events, in this most famous of western-area loggers' fetes.

An expected 2300 viewers from Nevada and northern California will witness the evening-long display of ax and saw skills. Depicting the humorous side of timbering, a whiskered miner will be shaved with a woodsman's ax. Crowning of Plumas County's "Sweetheart of the Mountains" will be included in the show.

Supported by Pacific Coast logging supply firms, the contesting will attract over 100 top contenders, many previous winners in local or regional contests.

Officials report complete information is available by writing Pacific Coast Loggers' Championships, here.

TO HOSPITAL

TAHOE CITY—H. C. Bradbury, for twenty some years a summer resident, was taken to the Peralta Hospital during the past week with a very serious leg infection. He was at his San Leandro winter home when stricken. After examination has physician expressed the opinion that it might become necessary to amputate the leg above the knee. No further word of his condition has been received here since the day of the examination.

Highway patrolmen are now authorized to arrest motorists who throw trash from their cars. Help keep our roadsides clean by carrying a trash bag in your automobile.

BANK PRESENTS FILM AT ROTARY MEETING

KINGS BEACH—Vice-president H. E. Brooks presided over the regular meeting of the Rotary Club of Brockway due to the absence of the president, Bill Randall.

There were present 14 visiting Rotarians, representing the clubs of Tahoe City, Loyalton, Tucson-Catalina, Carmel, San Jose, Palo Alto, Salinas, Pomona, and Belvedere. There were also present four guests of Rotarians.

Program Chairman Hank Dodd presented the film California Heritage by the Bank of America of San Francisco through the courtesy of Biese. This film showed the industries of California, such as farming, etc., in which the Bank of America has helped to advance.

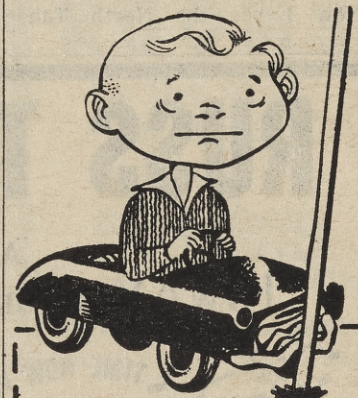

Next meeting, Monday night, at 7:30 p.m. at Ta-Neva-Ho, on Crystal Bay.

ASSAULT CHARGES FILED AT TAHOE

KINGS BEACH—Ruben Moreno, a musician at Crystal Bay signed a complaint against Pete Gusman, a fellow musician, last Monday, charging him with an assault with a deadly weapon. It is alleged that after an argument, Gusman attacked Moreno with a screwdriver, wounding him in the neck and on the left arm. Brought into the Tahoe Judicial District Court, Judge Harrison set July 27 at 10 a.m. for hearing at Tahoe City.

California's production of gold in 1954 was 235,030 fine ounces, valued at \$8,326,000.

The F. W. Ackerman family of Piedmont is now at Tahoe Pines, planning to stay until mid-September.

TRUCKEE

No wonder this Hardtop is the HIT OF THE YEAR!

IT'S 4-DOOR HANDY

—and priced for action!

This one you'll just have to see.

It's a beauty. It's a brand-new kind of car. It's a Buick Riviera with four doors. And to top it all—it's a SPECIAL—the lowest-priced of all Buick Series.

Know what that means?

It means you can have the newest hit in hardtops—the most advanced new body design yet—and you can have it in the price range of America's smaller cars.

It means you can have a steel-roofed car with the long, low, sweeping sportiness of a convertible—with no center posts in the side window areas—and with two separate doors to the rear.

And you can have all this hardtop beauty with sedan comfort and convenience at the easy-to-take modest extra cost of a 4-door model over a 2-door model.

But if you think that's all—listen:

This gleaming grace of automobile is a Buick through and through—a '55 Buick, from the hottest-selling line of Buicks in all history.

So here you have the soft, firm steadiness of Buick's all-coil-spring ride and torque-tube stability. Here you have Buick brawn, Buick solidity, Buick handling ease, Buick styling and visibility and interior luxury.

And here you have the lift and life of vigorous new V8 power of record might—and coupled to the spectacular performance of Buick's Variable Pitch Dynaflo.*

Why wait a day longer—when you can come in right now and try the first true hardtop with the extra comfort, room and convenience of a full-sized 4-door sedan?

Drop in tomorrow, first thing—for a look at the price, and an idea of the whopping-big trade-in deal our huge sales volume permits us to make.

*Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

NOW—Biggest Trade-in Deals ever on the Biggest-Selling Buicks in History! Come in and see!

Thrill of the year is Buick

TRUCKEE PUBLIC UTILITY DISTRICT

A Tax-Saving, Public Service Enterprise

Tahoe Items

by Ethel Joslin Vernon

Following are a few items that failed to get in last week's column:

Mr. and Mrs. Kenneth Bruce of San Jose were visitors here during the recent holiday at the Tahoe City home of Mrs. Bruce's parents, Mr. and Mrs. George Tiffiee. Mrs. Bruce is the former Blodwyn

Tiffiee, who begins her first term of teaching with the fall semester at San Jose State.

Mr. and Mrs. Bill Seward of Sacramento were visitors for a few days recently at the summer camp of her sister, Mrs. Stella Watson. Mrs. Seward is the former Irene Bell, who was a Tahoe resident for several years in the past.

Mr. and Mrs. Steve Landa, who own three cottages on the Bettin-court above Tahoe City, have rented two of them for the summer. They're busy this week remodeling their third and larger cottage, in which they plan to live all year around.

Mr. and Mrs. Ed Fleischer, a recent bride and groom of Berkeley, spent the past weekend in this vicinity. While here they visited at the homes of their old friends, the Harold Farris, and the C. W. Vernon family.

Two popular musicians, Eddie Fisher, radio singer, and Orchestra Leader Arthur Fiedler, are spending their summer vacation at Cal-Neva.

Dr. and Mrs. G. B. Fuessel of Pasadena are now vacationing at Homewood.

Mr. and Mrs. William Del Carlos and their daughter, Ann Dee, had Mary Close of Oakland as their guest for about 10 days. The girls enjoying a perfect vacation, spent fishing and horseback riding.

SIERRA SUN ADS PAY!

**SAFE STOLEN AT
TAHOE CONTAINED
CASH, VALUABLES**

TAHOE CITY—Morlan Visel, a partner in the Sierra Boat Company, which is a branch of the Dollar Industries, Corporation, reported here on Monday afternoon that at 8 o'clock that morning he had discovered the theft of the boat company's safe when he arrived at the company's building to open the office.

No tracks could be traced to or from the building as the entire surrounding yard is macademized. The company's safe, weighing more than 300 pounds, had completely disappeared, and its contents, he stated, included the sum of \$12,000 in cash as well as other valuables.

**ROAD MONEY SENT
TO THIS COUNTY**

SACRAMENTO—Robert C. Kirkwood, state controller, has announced the apportionment of \$22,586,084 in Highway Users Taxes to counties, cities and state highway fund for highways for the month ended May 31. The apportionment to counties was \$5,282,383.

Of the sum apportioned to California's 58 counties, Nevada County received \$20,232.05 and a warrant in that amount has been

**CRUISER CLASSIC
TO BE FEATURE OF
YACHT CLUB RACES**

TAHOE CITY—For the first time this year, the Yacht Club is having an event called the Cruiser Classic. In this race there will be four cruisers, all of which are 20 years old. They will all be decorated, humorously and otherwise, and the history of each will be given before the race.

The four cruisers are The Viking owned by the Poets, the Garzebio owned by Jake Obexer, Ernest H. Pomin's Summer Girl, and Shamrock owned by Bob Pomin.

Also a new attraction will be the appearance of the Desert Divers, a group of men who will don their aqua-lungs and show the audience how they are able to remain under water for the space of an hour without coming up for air. Their exhibition will last for 15 minutes just before the championship begins.

The annual Yacht Club luncheon will be held on the 23rd of July, the day preceding the races, and the racing numbers will be handed out then rather than at the races. All members are invited to the luncheon, and there is an open invitation to one and all for

forwarded to County Treasurer Elma Hecker.

**Loehr Deplores Lack
Of County Sanitarian**

Supervisor Henry G. Loehr of Truckee told the Nevada County Board of Supervisors at Nevada City on Monday that this area is already running into trouble in granting use permits and that it is extremely difficult if not impossible to grant sanitary permits with no county sanitarian to approve them.

County Clerk R. E. Deeble said that to date no formal applications have been made to fill that vacant county position.

Continuance of first approval on the races.

A crowd of 5000 is expected to attend.

The results of the outboard races held at the Obexers Pier on Sunday, July 17, are as follows:

Class B hydroplanes: 1—Mike Kaiser. 2—Joe Hickingbotham. 3—Louis Marston.

Five and one-half horsepower, 12 years and under: 1—Dave Marston. 2—Brandon West.

Nineteen horsepower and under: 1—John Lane. 2—Marshall Kraus. 3—George Gamble.

Twenty horsepower and over: 1—Kit Cleg. 2—Al Bray.

The date for the Water-Ski Carnival is August 21, and Allen Bray has taken over the chairmanship of the Water-Ski Carnival Committee from Lowell Berry.

items in the 1955-56 county budget got underway at the meeting with the supervisors sitting as a board of equalization. No complaints on assessments registered were received.

Noting that the maintenance section of the road commissioner's budget will be prepared shortly and will be allocated according to need, the supervisors got down to their own budget and that of the county clerk and auditor's office.

Approval was given to a \$23,470 total figure for the supervisors, exceeding somewhat the \$21,000 allocated last year. County Clerk R. E. Deeble noted that \$19,661.38 was actually spent by the board last year but this year's increase will include \$3500 for codification of county ordinances.

These will probably be printed in loose-leaf book form and be available to attorneys, law enforcement officials and all concerned parties for a small fee.

No great changes were noted in the county clerk's budget.

Loehr suggested with the board concurring that once an item is gone over and approved on the budget it be considered final unless some change has to be made in August when the final budget will be approved.

A classic doorway from the A. N. Towne residence, destroyed by the 1906 earthquake and fire, "Portals of the Past," stands in San Francisco's Golden Gate Park.

NEWS NOTES FROM TAHOE

by Ethel Joslin Vernon

After a rather late spring season, Tahoe weather has reached the perfection stage at last, and as the mid-July dates slip by we find the usual mid-June conditions developing, for the awakening of summer in our mountain region this year is just about one month late. Down along the lake-shore commons at this time the aspen, willow, alder and cotton wood trees are just coming into full leafage. The manzanita, which, as to leafage is an evergreen, didn't bloom at all this season, as its blossom month of May was mostly far too cold and the half-formed buds dried up and dropped off without opening. However, the wild rose clumps under the shore-cliffs just waited a full month and are now coming out with thick clouds of blossoms that scent the air for hundreds of feet around. Crowds of summer vacationers, like the late summer flowers, are now beginning to appear thick and fast from valley and coastal regions where the weather is warming toward the peak to summer heat. Business, which had seemed a little slow for a

time, is at last beginning to be as rushing as ever among the resorts. Fishing activities are also picking up again since the partial opening of the Truckee River dam, allowing the lake to flow into the river once more. Six of the gates were opened recently, and every day now the cars of anglers may be seen early and late parked all along the river banks.

Tax Problems

The land-revaluation-and-Tahoe-taxes-controversy meetings, which were begun in Auburn on Monday, July 3, and held there again the following Monday, were continued in Tahoe City through Wednesday and Thursday last week. On last Wednesday and Thursday here the Community Center Hall was packed to standing room with interested Tahoe residents and property owners. The Placer County Board of Supervisors, sitting as an equalization board here, processed a total of 60 protests during the two-day session, against property revaluations for 1955-56. Assessor Lloyd Geraldson and his assistant, H. V. McDaniels, were on hand through the two-day meeting. Attorney Wm. A. Farrell represented the people here.

Boat Explosion

In the midst of the electrical storm which struck around the northeast end of the lake last

Thursday, two bay region boys were injured by an explosion in a motor boat. The explosion was said to have occurred when gasoline fumes accumulated around the stalled motor. As the boys were attempting to start the motor it was presumed a spark ignited the fumes. The two boys, Stanley Smith, 21, of San Francisco, and Charles Patterson, 14, of Oakland, were part of a large group of bay region picnickers who were motor-boating on the lake that day in three separate, and somewhat crowded boats it was reported. The other two boats reached the scene of the mishap just in time to pull the boys from the water where they had jumped in order to quench the fire from the explosion. The already loaded boats carried the injured boys, along with an older brother of Patterson, a considerable distance through the storm on the lake, landing them safely at the Glenbrook pier. Dr. Edward Shaw, staying at Glenbrook Inn, gave first aid to Smith and Patterson, before they were removed to the Tahoe-Carson Hospital in Carson City, Nev. After examination there their burns were pronounced not serious.

Make Trip

During the past week Mr. and Mrs. J. G. Stewart of Lake Forest made a trip over the western range by the same route which the Auburn Chamber of Commerce group takes annually on its jeep trip to Lake Tahoe. The Stewarts went by jeep also, and stopped off at Buck Island above the Rubicon Canyon, where Mr. and Mrs. Victor Wikander are spending the summer in their high wilderness home. They found the Wikanders as hale and hearty as ever, and Victor came from his island cottage in his boat to the lakeshore, and rowed the pair back to the Island for a visit.

It seems that the Wilderness area between the Rubicon region and Wentworth Springs, on the western side of the range, is becoming very much modernized as compared to only a few years ago. On the hitherto wild shores of Loon Lake the Stewarts found a large camp with all the usual conveniences and many tents and cabins. It is presumably a PG&E camp, as the old Loon Lake dam shows signs of much recent improvement and remodeling. On the main lakeshore along the Buck Island water a large forestry camp has been fully equipped, and is becoming livelier as the summer advances. The Wikanders sent greetings through the Stewarts to friends in the Tahoe City vicinity, with the glad news that Victor's health seems to be back to normal again and still improving.

Store Looted

The Loynd Drug Store in the Kings Beach area on Lake Tahoe was reportedly broken into a week ago Saturday night. Lieut. John Shingle of the county sheriff's office investigated. He reported that \$235 in cash was stolen, and that a large amount of money beside this was left in the store, but was overlooked by the robber. Law officers are still looking for clues.

Leases Building

During the past week Dr. William Henry of Tahoe City has leased to the county supervisors a building to be used as county building inspector's office here. The leased office adjoins the doctor's treatment headquarters in Tahoe City. The leasing of the building was said to have been recommended by County Building Inspector Gus Reeves, and the transaction follows the passage of the uniform building code amendment.

Hear of Illness

Through friends from the valley regions this week we heard of the illness of a former Tahoe resident. He is Philip Gallanger, whose wife, Myrtle, was a teacher in the Tahoe Lake schools for some 20 years in the past. He is reported to have been quite ill in the Sutter Hospital for the past week. Tahoe friends join in wishing him a complete recovery soon.

Daughter Born

Born in a Reno hospital on last Thursday to Mr. and Mrs. Ray Fellows of Carnelian Bay, was a plump and healthy baby daughter, whose parents at this writing had not yet decided on her name. She is the third child in the family, having a sister, Sandra, and brother, Lewis.

Open House

Mr. and Mrs. R. A. Carrington of Los Angeles have recently opened their beautiful summer home on the cliffs above Carnelian Bay. Mrs. Carrington moved in for the summer several days ago, with a full staff of summer help and three young relatives just out on school vacation and eager for a few weeks of carefree outdoor fun. Carrington, publisher of the Los Angeles Examiner, comes up for a few restful days when ever business ties don't bind too severely.

Take Vacation

Mr. and Mrs. Tommy Mein, Jr., and family are now taking their vacation turn in the Mein family home in Tahoe Park. Mrs. Mein's mother, Mrs. Lewis Carpenter, has rented a home for the summer in the same neighborhood nearby her daughter, and has three of her other grandchildren with her for

the season.

Rents Home

Mrs. Steven Hirsch of New York City has again rented the Roth summer home in Lake Forest for the season for herself and family. This is the Hirsch family's second summer in the Roth home, and they say it is fast getting to be "home, sweet home" to them.

Mr. and Mrs. Harry W. Poett, Jr., are again occupying the old Poett family home in the Sunnyside vicinity, where they plan to spend the summer. Since their arrival here they have entertained several house parties of guests from the bay region.

You and the West profit when Standard changes a dollar

Like you and your family, Standard Oil Company of California has to have money coming in to keep going. And like you, we must divide every dollar of this income into quite a few pieces to keep the bills paid. Our budgeting is naturally on a large scale, but the result is about the same: most of the money Standard takes in goes right back into circulation. And when a sum like \$1,229,000,000 (our total income last year) goes into circulation, its benefits are broad and deep. Practically everyone in the West

shared, directly or indirectly, in Standard's good year. We thank you for your patronage that made it possible. And we'd like you to know that a sizable piece of change from each of our dollars goes for things that improve service to you: research facilities for development of better products at low cost; new plants to make them more available; widespread exploration for new petroleum fields to help keep America's oil barrel full. To do these jobs, now and for the future, here's how we changed a Standard dollar:

If you wish a copy of our Annual Report for 1954, write to—

**Kings Beach Church
Drive to be Launched
At Breakfast Session**

KINGS BEACH — The Kings Beach Community Church, serving with the 25 denominations of the Council of Churches, has announced a \$36,000 capital expansion campaign for youth recreation and Christian education facilities. The campaign will have its official kick-off Sunday, July 24, with a breakfast at 8 a.m.

Dr. Clarence Kircher, for 21 years minister of the Westminster Presbyterian Church, Sacramento, will direct the campaign. He is now devoting his full time to the important ministry of church financing.

The financial goal, unanimously adopted by the official board of the local church, will be sought by the subscription of "cornerstone units" at \$1.50 per week for three years. A beautiful pictorial brochure will be mailed to anyone interested, explaining the project. For information contact the pastor, Rev. A. B. Covher at Kings Beach.

The general chairman of the campaign is A. E. Abbott, with E. J. Stokes as his assistant. Sam Faulkner and Jimmie Chastain have been selected as division chairman. Sam Faulkner and Jimmie Thompson as team captains.

The financial goal includes funds for classrooms, recreation center, parsonage improvement, current budget, and the balance due on the organ, which will be dedicated at a recital on July 31, at 4 p.m.

Only two large American cities have been founded in the Twentieth Century—Tulsa, Okla., and Gary, Ind.

Thirty-six states now have Tree Farm programs under way.

summer, is underway at the department of fish and game's big modern San Joaquin Hatchery following dedication ceremonies last weekend.

The event marked completion of the seventh in the series of modern trout hatcheries built since 1948 by wildlife conservation board funds, which are derived from the state's share of pari-mutuel horse race monies.

The hatchery, located on the San Joaquin River at Friant, just downstream from Friant Dam in Fresno County, was built at a cost of \$748,000 and will have a production capacity of 850,000 catchables per year when at full capacity in 1956.

Sponsored by the Fresno County Sportman's Club, the ceremonies featured talks by William J. Silva, president of the wildlife board; Seth Gordon, director of the department of fish and game; and Everett Horn, coordinator for the board.

Attending were Assemblyman Frank J. Belotti, Humboldt County, member of the wildlife board; Assemblyman William W. Hansen, Fresno County, and 175 leading sportsmen, state and federal officials, and others instrumental in culmination of the hatchery project.

The hatchery was officially turned over to the department at a dinner held at the plant July 9 and open house and flag raising ceremony held the following day. Several hundred persons were conducted through the layout.

With completion of the San Joaquin Hatchery, the department now has 15 catchable trout hatcheries capable of producing nine million catchable sized fish per year. This is more than four times the 1948 production, when the current program was launched.

The new production also made possible closing of a number of older hatcheries.

Water for the new hatchery is made available from Millerton Lake through agreement with the U. S. bureau of reclamation.

As an added feature, the new installation will have four ponds for warm water fish. They will be used for raising forage minnows and as temporary holding ponds for fish rescued from drying lakes and streams in San Joaquin valley.

**STATE ROAD WORK
AT ALL-TIME HIGH,
DIRECTOR REPORTS**

SACRAMENTO (CNS) — Frank B. Durkee, state department of public works director, announced today that the pace of state highway construction in California has reached another all-time high level.

Construction value of going contracts amounts to \$238,031,500, he stated.

At the same time, the state division of highways in the department reported that the multi-lane divided state highways now completed and in use in California total 1340 miles, or nearly 10 per cent of the entire state highway system.

An additional 390 miles of multi-lane divided highway, most of it the full freeway or expressway type, are under construction.

Previous peak of the construction value was reached on May 31 of this year, and totaled \$226,988,600. A total of 361 contracts are under way at the present time, Durkee said.

Approximately 7½ million gallons of warmed sea water are required to fill Fleishhacker Pool in San Francisco.

**Robichaud and Staff
Effect \$90,000 Saving**

Francis W. Robichaud, former Truckee attorney, and his staff are saving the taxpayers of Sacramento County an estimated \$90,000 a year, according to a report the county board of supervisors by Assistant County Executive Hickey.

Two months ago Robichaud left here to head the new domestic relations division of the Sacramento County district attorney's office. According to Hickey, this division has already collected and disbursed \$11,423.03 in cases of failure to provide by fathers. This money would otherwise have to be paid out of tax sources as aid to needy children and other forms of county welfare.

Hickey told the supervisors that Robichaud's estimated annual saving of \$90,000 was "too conservative." Beside the former local man, the division employs two investigators and two legal stenographers. One of the principal functions of the staff is to locate "skip-out" fathers and require them to contribute to the support of their families.

Caraway seeds are brown, hard, about three-sixteenth of an inch long, curve and tapered at the ends.

Summers at Millbrae—

Miss Patricia Meddaugh is spending the summer with her family at Millbrae.

Moecklys Move—

The Clyde Moecklys have moved from Beckwourth to Sacramento.

Scotts to Delano—

Mr. and Mrs. Ray Scott and daughters have recently moved from Chowchilla to Delano, Calif., where he is heading and organizing a new branch of the Bank of America. The Scotts are well known in this district where he was manager of the local bank.

Sees Family—

Mrs. A. L. Davidson of Roseville is spending the week with Mr. and Mrs. Herbert Copeland and Mr. and Mrs. Jack McGlade.

To City—

Mr. and Mrs. Douglas Barrett and children left Monday for Sacramento and San Francisco where they will continue their vacation.

Attend Picnic—

Mr. and Mrs. Omar Alexander of Citrus Heights attended the C.S.E.A. picnic held Saturday at Donner Lake.

Several Birthdates Are Observed With Parties During Recent Weeks

A number of local people celebrating their birth dates earlier in the month included Tom Doley on the first of July, followed by Jerry Zunino on the 9th.

Nona Rae Coffey was feted by her family on July 10 and Janice Gray's occurred last Sunday.

William Englehart and Mrs. Earl Stice observed their natal dates with their respective families on July 14.

Reggie Smart, who was 12 years old on July 18 celebrated the event with a dessert and Donner Theater party, arranged by his parents on Sunday. Attending were Stanley and Jeffery Stock, Dorothea and Varian Frey and his cousins, Raymond and Lorraine Johnson of Burlingame. On his birth date Reggie went to the Boy Scouts Camp Pahatsi being held at Donner Summit.

Courtney, son of Mr. and Mrs. Jerry Lewis was the center of interest on his seventh birth date, July 17 when his parents were hosts at a swimming party given on the beach at Donner Lake.

Reno and local friends and their parents were invited to share the afternoon with the young boy.

Mr. and Mrs. Clarence Osburn gave a party on July 16 for their son Jimmy who is now 11 years old, games were enjoyed by the school friends prior to cutting a decorated cake to serve during refreshment time.

Patricia, youngest daughter of Mr. and Mrs. Douglas Barrett of Sacramento celebrated her fifth birth date, July 15, at the home of her grandparents, Mr. and Mrs. Walter Barrett.

The young friends and relatives visited during the afternoon and the little girl opened gifts, later dessert was served.

The children present were: Vicki Des Voignes, Linda Stout, Brian and Joyce Smart, Gail Englehart, Barry, Marcia and Bruce Leamon, Kathryn, Sheila and Phyllis Barrett.

FOUR LANING OF HIGHWAY 40 IS BEING CONTINUED

LOS ANGELES—The California Highway Commission today announced it is considering the adoption at its August meeting of a freeway routing for an 11-mile section of U. S. Highway 40 from one mile northeast of Roseville to one mile east of Newcastle, Placer County.

Adoption of such a routing would be a step toward the further four-laning of U. S. 40 east of Sacramento.

State Highway Engineer G. T. McCoy has recommended a route which would run from a half to three quarters of a mile south of the present highway.

A public meeting was held in Auburn on July 13 at which information was presented on various possible routes. Subsequently the board of supervisors of Placer County adopted a resolution stating that further hearings on the proposed route were not necessary.

The recommended route would leave the present highway just east of the end of the Roseville Freeway now under construction between Ben Ali and one-half mile east of Roseville. It would follow along Secret Ravine, skirting Rocklin and Loomis to the south. Near the end of Secret Ravine it would turn northerly to bypass Newcastle on the east and connect with the existing highway approximately one mile east of Newcastle.

Plans of the division of Highways call for construction of a four-lane full freeway on this section of U. S. 40, with provision for ultimate development to six lanes. At each important public road a grade separation would be provided so that the present county road system would not be disrupted.

The present highway would continue to serve local traffic and would be connected with the freeway by appropriate interchanges.

State highway engineers estimate that to construct a freeway on the recommended route would cost approximately \$5,500,000, including rights of way. Start of construction would depend on the availability of future state highway funds.

The 1955-56 state highway budget contains an allocation of \$900,000 to build structures for 2.7 miles of freeway between one mile east of Newcastle and Elm street in Auburn.

U. S. 40 has been constructed as a multilane expressway for 3.1 miles between Auburn and Applegate, and construction is under way on 2.7 miles from Applegate to Heather Glen under a \$671,410 contract.

Adoption of a routing between east of Roseville and east of Newcastle would close the one remaining gap in the freeway routing of U. S. 40 between Sacramento and one mile east of Magra, near Gold

Community Church Notes

The Methodist Youth Fellowship will hold its next meeting on Monday evening at 6:30 p.m. instead of Sunday. But this Friday the 22nd of July they will hold a square dance in the church basement. It starts at 8 p.m. and ends at 11 p.m. All teen-agers are welcome.

The Woman's Society of Christian Service will have a work day to prepare for the bazaar on Wednesday, July 27th, from 10 a.m. until 3 p.m. Those who would like to help please come and bring a sack lunch.

The choir is in need of voices for the summer months especially. If there are any visitors in this area you too are welcome to join to help in the service of worship. Practice starts at 7:45 p.m. on Friday evening.

Every Sunday and holiday afternoon, the San Francisco Municipal Band presents a concert in Golden Gate Park.

The North Farallone Island group off San Francisco is a cluster of sharp rocks jutting 100 feet or more from the sea, affording no anchorages.

Run. This is a total length of approximately 54 miles.

Exhibitors Urged To Make Fair Entries Soon

Amateur artists, photographers, workers in leather and lumber products are urged to make entries for the annual Nevada County District Fair by August 4—the closing date for lumber products, photography, painting, arts and crafts with good prizes offered in over 50 sections of competition. Entries are limited to residents of Nevada County.

In photography, entries are open for children's pictures, pets, portraits and still life, while paintings has graphic, oil, water colors and two children's divisions.

Eight sections are open for the hobbyist in woodwork.

Entries will be received up to 6 p.m. at the office of the Nevada County District Fair in Grass Valley while exhibits need not be ready until August 12th.

Entries also close on this date for senior livestock open to all California and the horse show for Nevada County.

Residents of the Truckee area are urged to make entries by the fair management which is making a supreme effort this year to display all of Nevada County's commercial, industrial, recreational and educational life.

Back from Oregon—
Mr. and Mrs. J. R. Wolert have returned from a vacation trip to Oregon where they spent ten days.
